

- > Integrated virtual conference experience for the AIAA aviation and aeronautics community.
- ➤ Registrants will access the virtual forum from a single online portal, custom-branded to align with current AIAA and AVIATION 2020 branding.
- > Leverages several technologies and online systems
- ➢ Goals are
 - unified look and feel
 - intuitive navigation, and
 - overall superior customer experiences for all facets of an AIAA AVIATION Forum.

- Register with AIAA's existing registration partner Experient
- ➤ Registrants receive confirmation/invitation to log-in to the branded Virtual AVIATION portal.
- From the branded portal, a registrant will be able to navigate via navigation bar tabs to
 - Live Curated Sessions
 - Pre-recorded Technical Session Presentations,
 - Exhibits and Sponsorships
 - Networking Activities
- > Portal should incorporate additional engagement tools
 - Ongoing discussions
 - Polls
 - Social media channels,
 - Dedicated Engage community

- Sponsors will be prominently featured to help them derive the greatest value possible.
 - dedicated and rotating advertising space
 - content marketing opportunities for sponsors to provide free content
 - welcome messaging
 - invitations to visit virtual booths or sponsored virtual sessions/networking/engagement activities
 - Similar strategies can be provided for Exhibitors

We Get You—Here, There, and Now Everywhere!

The AIAA AVIATION Forum is the only aviation event that covers the entire integrated spectrum of aviation business, research, development, and technology. And now for the first time, your experience will be virtual from the comfort of your home.

Sponsors

CURATED SESSIONS

- > Plenaries—LIVE then On-Demand
- Forum 360s—LIVE then On-Demand
- ➤ Lectures—LIVE then On-Demand

This is the navigation to all **live** programmed events that we would webcast on a **predetermined** schedule. Speakers/panelists would be participating from many remote locations synchronously. Live Q&A, screen sharing for any slides, etc. should all be available. Sessions would be recorded and made available ondemand either immediately or on a predetermined delay. If speakers are uncomfortable with live presentations or technology/bandwidth a concern, simulated-live approach could be used as well. With participants online live for Q&A etc. Multiple moderators per session including tech support.

TECHNICAL PRESENTATIONS

- On-Demand Technical Sessions
- Access to scheduled Live Q&A

All prerecorded technical paper presentations (PowerPoint/PDF w/audio) assigned to sessions. Available a week or so before the Forum starts for asynchronous, ondemand viewing. Live Q&A and possible discussion boards.

EXHIBITS & SPONSORS

- > Short product or corporate videos
- > Exhibitor/sponsored webinars
- > Free corporate content
- Appointment scheduling
- Matchmaking
- Prerecorded Hub content
- Virtual hospitality suites

Integrate with a virtual exhibit provider or leverage the additional engagement tools of AIAA's existing online exhibit management tool (a2z)

NETWORKING & ENGAGEMENT

- Virtual Receptions
- Online Contests
- > Virtual Alumni Events
- Online Meet-Ups
- Online Community/Engage

Beyond our normal AIAA scheduled events we could invite member communities to propose their own **network events**, organize them and AIAA to link from the Networking & Engagement Page.
