2020
LAUREL, MD

Maximize Your Company's Exposure

The AIAA DEFENSE Forum is a Secret/NOFORN event providing a venue for leaders from government, military, industry, and academia to advance and accelerate modernization, informed by DoD R&E modernization priorities. This year's theme is Compete, Deter, and Win: Innovation at the Speed of Relevance. The forum consists of two main parts: plenary sessions tailored to provide a broad understanding of the most pressing issues in national security and technical programming offering a deep analysis on research and technologies.

Align your product with a highly-coveted audience within the defense community.
