

AIAA Sustained Service Award

The Sustained Service Award is presented to recognize sustained, significant service and contributions to AIAA by members of the Institute.

Nomination Deadline is 1 July

- The nominee/recipient must be a member in good standing who has shown continuing dedication to the interests of the Institute by making significant and sustained contributions over a period of time, typically 10 years or more. Active participation and service at the local section/regional level, and/or the national level is a potential discriminator in the evaluation of candidates.
- A maximum of 20 awards are presented each year. These annual awards are presented at a committee where the recipient is most associated or active, or may be presented by the recipient's local AIAA section at an appropriate section event.
- A nomination form, score sheet and additional information (no more than one page) that provides details to substantiate the scores for various activities is required. Nominees must score a minimum of 100 points on the score sheet. Letters of endorsement are not required for this award.
- Members of the AIAA Board of Trustees and Council of Directors, including Board of Trustees/Council of Directors-appointed Committees Chairs are not eligible for this award until their term of service ends.

Requirements

Any AIAA member in good standing may nominate an individual for recognition of service to AIAA.

The nominee must be an AIAA member in good standing (i.e., current AIAA membership).

The nominee should not have been awarded this Award previously.

A completed score sheet (pages 3-8) detailing the nominee's participation and service to AIAA must accompany the nomination form (page 2). Technical accomplishments are not a consideration for this award. Officers of a body cannot also claim points for being a member of that body. Those who have held positions as President, President-Elect, Past-President, Vice President, Vice President-Elect, Journal Editors-in-Chief, Speaker, Division Chiefs, and Board of Trustees/Council of Directors-appointed Committee Chairs may not receive additional points for committees they chair or on which they serve that are associated with serving in the aforementioned positions.

Years of Service is based upon the start date for an office or position [e.g., being a Committee Chair from May 2005-May 2006 is one (1) year, not two (2)].

If you do not know the member type of your nominee, you can log into the AIAA website, click on MY AIAA located at the top center of the web page, and click on Member Directory under "Directories." After typing the first name and last name, click on the Go button, which brings you to a page that shows the member type of your nominee.

The nomination package consists of a signed nomination form, score sheet, and supporting information sheets. The package should be submitted by email as a single pdf document to **awards@aiaa.org**

Nominators will be advised as to the status of the nomination. If not selected, the nomination will not be carried over. A new nomination should be submitted the following year.
