MAINE
AEROSPACE KEY FACTS AND FIGURES

#2 Aircraft, engines, and parts are the most valuable export after seafood

Increase in civilian aircraft and aviation exports over the last decade, reaching a record of $312 million in 2016

700%

$4.935 billion

In total sales revenue, accounting for 2.7% of the state’s GDP

18,030

Jobs supported by the aerospace and defense industry in 2017 (8,160 direct)

40+ Aerospace-related companies across the state

BAE Systems
Bombardier
C&L Aviation Group
Fiber Materials, Inc.
General Dynamics
Lockheed Martin Corporation
Lufthansa
Pratt & Whitney

Pratt & Whitney’s North Berwick plant, with 2,100 employees, is the state’s largest manufacturing facility under one roof

Fiber Materials, Inc., in Biddeford, produces reinforced composites that enable high-temperature applications, including products found in the Mars Rover’s heat shields

2 Major Airports

1 *Aerospace Engineering Program

* ABET accredited school and/or AIAA Student Branch
The American Institute of Aeronautics and Astronautics (AIAA) comprises nearly 30,000 members that span 88 countries. They are engineers, researchers, scientists, entrepreneurs, educators, and students. They drive economic growth, discoveries, and innovations that help the aerospace community accomplish what was once thought impossible.

AIAA delivers extensive technical expertise and policy guidance to decision makers at the federal and state levels, serving as a reliable resource on a full spectrum of aerospace issues.

**AIAA CAN HELP PROVIDE:**

› One-on-one meetings between technical experts and lawmakers to offer background on key aerospace issues

› Informational seminars on key issues for groups

› Expert testimony before lawmakers

› White papers on specific aerospace topics
