

The advertisement features a collage of images related to aerospace education. At the top left, a classroom is filled with students at desks. Below it, a man in a white polo shirt stands at a podium. In the center, a group of children is gathered around a table, looking at a large sheet of paper. At the bottom left, a group of children poses with a large white and gold astronaut suit. At the bottom right, a group of students in white shirts and khaki pants are participating in a rocket launch, holding a large red and white striped ribbon. The background is a solid magenta color with a large white circle on the right side containing text.

# AIAA EDUCATOR ASSOCIATE MEMBERSHIP

Shaping the future of aerospace is no simple task. It takes passion, discussion, innovation, collaboration, and most importantly—**it takes YOU!**

**JOIN FOR FREE TODAY**

[www.aiaa.org/join](http://www.aiaa.org/join)

**AIAA**  
Shaping the Future of Aerospace

**“The resources and expertise** provided by AIAA have allowed my students in a rural Pre-K–12 school to be exposed to a variety of STEM activities and careers that would have otherwise remained unattainable. Time and time again I have watched students become excited and engaged in science activities that require not only the use of STEM skills, but also problem-solving and team-building skills that will be necessary for success no matter a student’s chosen vocation. Thank you AIAA for your continued support of science education!”

– **Heather L. Stewart**, PreK–12, Paxton High School

# AIAA MEMBERSHIP MATTERS

**START MAKING AIAA’S FREE  
EDUCATOR ASSOCIATE MEMBERSHIP  
MATTER TO YOU TODAY!**

When you become a member of AIAA, you receive resources and contacts for your STEM programs, and could get recognition for your achievements in advancing the education of future scientists, technologists, engineers, and mathematicians.

**Expand your potential impact on the future of aerospace** and keep yourself at the forefront of aerospace technology by becoming a member today for free.

Visit AIAA today.

# TOP MEMBERSHIP BENEFITS AND PRIVILEGES

## BENEFITS OF MEMBERSHIP

- **Access to *Aerospace America Online*** — Get in-depth insight on the subject matter that is shaping the aerospace industry with this monthly publication.
- **Participation is Power** — Local section activities and AIAA forums provide you with the opportunity to network with a community of collaborative and innovative members who are your lifelong link to the aerospace community.
- **STEM Grants** — You'll be eligible for AIAA Foundation grants that provide funds for STEM project supplies.
- **Gain Recognition** — Qualify for AIAA Foundation Educator Achievement Awards.
- **STEM Activity Updates** — You'll receive communication updates regarding national STEM-related activities.
- **AIAA's website** — A plethora of online educator resources such as Careers in Aerospace, the Educator Academy Curriculum, Kid's Place K-12 Activities, and much much more. Visit [www.aiaa.org/educator](http://www.aiaa.org/educator)

Visit us online to learn more about these benefits and other opportunities available through your AIAA membership.

# MEMBERSHIP ELIGIBILITY

## WHO IS ELIGIBLE FOR EDUCATOR ASSOCIATE MEMBERSHIP?

You must be a K–12 teacher of science, technology, engineering, and/or mathematics.

Your membership will remain valid as long as your email address is valid.

Because of **our** commitment to science, technology, engineering, and mathematics, your AIAA Educator Associate membership is **FREE**.

# WHO WE ARE

The American Institute of Aeronautics and Astronautics (AIAA) is the world's largest society dedicated to the global aerospace profession. We believe that aeronautic and astronautic educators are the drivers of global innovation. Together we inspire students to make the world a safer, more connected, accessible, and prosperous place. Continuing this progress depends on the exchange of ideas – and **AIAA provides the forum where educators and innovators can come together and grow the ideas that will one day change the world.**

## AIAA MISSION

To inspire and advance the future of aerospace for the benefit of humanity.

## AIAA VISION

To be the voice of the aerospace profession through innovation, technical excellence and global leadership.

**“As an educator, AIAA has been an amazing resource for professional development workshops and grants to enrich my classroom curriculum. Thanks to AIAA grants my students have launched rockets hundreds of feet into the air and soldered circuit boards for their underwater remotely operated vehicles (ROVs). My hope is to inspire the next generation of scientists and engineers, and AIAA helps me to provide those meaningful experiences in the classroom.”**

– **Kaci Heins**, 6th grade science, Northland Preparatory Academy, Flagstaff, Arizona

Together we can Shape the Future of Aerospace.  
Join AIAA as an Educator Associate Member today for FREE.

# HAVE YOU VISITED AIAA'S ONLINE LIBRARY LATELY?

**ARC is the World's #1 Source for Aerospace Information — Aerospace Research Central (ARC)**

One way AIAA makes the exchange of technical knowledge and information possible among aerospace professionals is through our outstanding publications. Explore seven AIAA journals, three eBook series, numerous meeting papers, and aerospace standards.

**Check out ARC today: <http://arc.aiaa.org/>**

## **PUBLICATIONS AVAILABLE ON ARC**

- **AIAA Journals —**  
AIAA offers seven technical journals that contain the most credible peer-reviewed articles in the aerospace field.
- **AIAA eBooks —**  
AIAA proudly offers the most comprehensive selection of aerospace titles in eBook format anywhere with nearly 300 titles available.
- **AIAA Meeting Papers —**  
AIAA is the catalyst for inspired idea exchange; for over 50 years, individuals from around the globe have presented the latest research to their peers at AIAA conferences.
- **AIAA Standards —**  
AIAA has the latest standards in the industry, which provide many benefits including best practices, economies of scale, expanded trade possibilities, and increased resource flow.

AIAA members get access to standards for free, and get deep discounts on all other publications.
