AIAA Shaping the Future of Aerospace
REACH AEROSPACE DECISION MAKERS WITH AIAA’S ADVERTISING OPTIONS

The American Institute of Aeronautics and Astronautics (AIAA) is the largest and most prestigious community of aerospace professionals in the world. AIAA exists to help aerospace professionals and their organizations succeed across government, industry, and academia. AIAA’s vision is to be the voice of the aerospace profession through innovation, technical excellence, and global leadership.

We understand your company or organization needs access to leaders and decision makers in the aerospace community, and AIAA offers a selection of advertising opportunities to help you reach our members and the general aerospace community. We offer various digital media advertising selections such as banners or buttons on the aiaa.org site and digital banners on the aerospaceamerica.aiaa.org site. In addition, AIAA offers print advertising in Aerospace America, which is our flagship monthly magazine. Aerospace America reaches more than 34,000 aerospace professionals and students in print and online—including every AIAA member, congressional offices on Capitol Hill, and hundreds of engineering and aerospace libraries.
### AIAA TECHNOLOGY SEGMENTS BREAKDOWN

AIAA members are asked to identify primary technology areas that reflect their professional interest and work activities.

COPY AND CONTRACT REGULATIONS

**PUBLICATION FREQUENCY:** Published 11 times a year, issued on the first of the month of the cover date of publication.

**COMMUNICATION:** Contracts, insertion orders, correspondence, request a quote, and special requests, should be addressed to advertising@aiaa.org.

**PUBLISHER’S COPY PROTECTIVE CLAUSE:** Advertisers and advertising agencies assume sole liability for all content (including text, representations, photographs, and illustrations) of advertisement printed, and also assume responsibility for any claims arising therefrom made against the Publisher. The Publisher reserves the right to reject any advertising that does not conform to its publication standards, which are subject to change or modification at the sole discretion of the Publisher. Any advertising resembling editorial matter may be designated as advertising by the Publisher.

**POSITIONING OF ADVERTISEMENTS:** Advertisement placement is at the sole discretion of the Publisher except where a request for a specified preferred position is agreed to and acknowledged by the Publisher.

**ADVERTISING POLICIES:**
› Publisher has the right to hold advertiser and/or its advertising agency jointly and severally liable for such monies as are due and payable to Publisher for advertising which advertiser or its agent ordered and for which such advertising was published.
› Conditions other than rates are subject to change by Publisher without notice. As used in this section, entitled Advertising Policies, the term “Publisher” shall refer to Aerospace America Magazine and/or the American Institute of Aeronautics and Astronautics, Inc. (AIAA). The terms and conditions of this rate card supersede any terms or conditions appearing on advertiser’s orders or materials.
› Regulations concerning copy and contracts are those generally accepted throughout the industry.
› Advertisements are not accepted if they contain testimonial statements or endorsements given by a member or members of AIAA.
› No conditions other than those set forth in this rate card shall be binding on the Publisher unless specifically agreed to in writing by the Publisher.
› All orders are accepted for space subject to our credit requirements.
› Publisher retains right of final approval and acceptance of all advertising submitted, and shall not be liable for any loss resulting from rejection of such advertising.

**AGENCY COMMISSION:** 15% of gross billing allowed to recognized advertising agencies on display space, color and preferred position charges. Commission is not allowed on such charges as artwork, reprints, backup of inserts, classified ads under 1/6 page, production and bindery charges and special handling charges. Commission is subject to forfeiture on invoices not paid within 90 days from invoice date. All accounts not paid in full within 30 days of invoice date may incur a charge of 1.5% per month until paid in full.

**DUAL LIABILITY:** All advertising placed by an entity acting as the agent for another shall be regulated by the Law of Agency as defined in the Uniform Commercial Code. The entity for which any advertising is placed shall be held liable for payment in full for all advertising placed on its behalf regardless of whether such payment was remitted to the agent.

Ben Iannotta has 30 years of experience as a writer and editor in the aerospace and technology industries. He began in 1989 at The Washington Post as a news aide; he joined Inside the Air Force in 1991 and moved to Space News in 1993 to cover military and civil space programs. In 1996, he became a freelance journalist covering technology, environmental and military matters, including for Aerospace America. From 2008 to 2012, he was editor of C4ISR Journal. He left to establish DeepDiveIntel.com, a technology-focused news service for intelligence professionals. Since 2013, Iannotta has been the editor-in-chief of Aerospace America and his work has been published in Air and Space Smithsonian, New Scientist, Popular Mechanics, Reuters News Service and the Associated Press. He holds a master’s degree in international affairs from George Washington University.

Cat Hofacker began covering local news and politics in Athens, Ohio, as a student reporter and editor. She came to Aerospace America in 2019 after covering the 2018 congressional midterm elections for USA Today. Cat spent two years leading Aerospace America’s online news coverage as our staff reporter, writing about topics including the Boeing 737 MAX crashes and the inception of NASA’s Artemis moon program. In 2021, she became associate editor, overseeing production of Aerospace America’s monthly print issues. She is a 2017 White House Correspondents Association scholar and a two-time finalist for the Aerospace Media Awards’ Best Young Journalist category.
